For Vick and the Eagles PROFIT TRUMPED PRINCIPLE

In August 2009, ISAR promised to keep after criminal dog abuser Michael Vick by continuing to remind the football-going public about the horrendous crimes he committed in abusing pit bulls and other dogs, and about the sell-out by the Philadelphia Eagles.

Now, as close to the Eagles' Football Stadium as we can get, ISAR has posted two anti-Vick billboards located in Berks and Montgomery Counties. We are grateful for the support we have received for our anti-Vick billboard campaign thus far and for the continual support we receive for our [anti-Vick petition campaign](#).

In addition to ISAR's anti-Vick billboard and petition campaigns, ISAR continues to offer our striking [poster](#) displaying our slogan "Profit Trumped Principle." Our supporters can print and distribute them at events, such as NFL games, where Michael Vick and the Philadelphia Eagles will be present.
